

Options

These are some of the more popular options that our customers have the opportunity to choose from when designing their custom Wilding Wallbed.

Wilding Wallbeds

HomeFront Series

HomeFront Series beds utilize our piston Lift Mechanism and include the superior materials and craftsmanship that Wilding Wallbeds have become known for. HomeFront Series cabinets are constructed in traditional design with solid wood face frames, full extension glides on all wood, fully captured drawer boxes.

Edge

The Edge boasts a sleek contemporary design with simple clean lines that will compliment most styles of decor. The Edge Wallbed will certainly beautify any room in your home.

Cabinets

Customize the look of your Wallbed with our wide selection of cabinetry. With your choice of drawers, slide out trays, wardrobes, and shelving you can truly make your Wilding Wallbed one of a kind.

Avery Park

The Avery Park Wallbed has a simple, understated beauty that fits perfectly with any style of furnishings. All wood construction ensures a lifetime of durability plus comfort that guests are sure to appreciate.

Make your space work for you

Office by day, bedroom by night - no matter your needs, we have a solution to help you make the most of your space.

Tuscany

The Tuscany is the "Crown Jewel" of our HomeFront Series product line. Its gorgeous Tuscan style solid wood raised panel face, exquisite French curves, decorative fluted columns, and charming rosettes set the Tuscany apart from all other styles.

Brittany II

Our Brittany II model boasts an eight flat-panel bed face and offers a beautiful traditional style that will add elegance to your home office or guest bedroom. All wood (no particle board) construction ensures a lifetime of durability plus comfort that guests are sure to appreciate.

Drop Down Table

This unique drop down table is designed to attach to the face of most vertical Wilding Wallbeds. Size and design corresponds with the customer's choice of Wallbed.

Mission Street

The Mission Street harkens back to the style that graced American homes some two hundred years ago, yet still offers a classic design that is still admired today. You will certainly appreciate the attention to authentic detail that conveys confidence of craftsmanship, tradition and quality.

Presidential

The Presidential Wallbed is a true American classic, handsome and traditional. From the hand crafted solid wood raised panels that provide dimension that no flat paneled face can, to the solid wood face trim that is hand selected for beauty and color uniformity. This bed embodies quality American craftsmanship.

Hampton

The Hampton has a casual elegance that will gracefully add style to any room in your home from a living room or den to a guest room or office. The Hampton provides flexibility in decorating from a warm formal feel to a comfortable "shoes off" casual.

Cape Cod

The Cape Cod sports an artistically designed, planked wall bed face that is reminiscent of the popular ship-lap design. This bed has a comfortable and casual rustic feel. The Cape Cod Wallbed will remind you of the time-tested craftsmanship you find in well-loved heirloom furniture. Simply put, the Cape Cod is beautiful and unique.

Harmony II

The Harmony II can look regal, casual, or even rustic. It features an ornate rope welt trim. The Harmony II will certainly be a beautiful addition to your guest room, living room, family room or anywhere else space is at a premium.
